Revision 2026-10-11

Enter the 6-digit code from your email to finish creating your account.

Your account works only after you enter the code from your email.

Enter the code

1. On **Verify email**, the app says it sent a 6-digit code to your email. Codes expire in 30 minutes.
2. Open the email and find the 6 numbers.
3. Type them into the **6-digit code** box.
4. Tap **Verify**. You're signed in right away.

If you typed a team invite code when you signed up, the app joins that team after verification. If you leave and come back, tap **Back to sign in**. The invite code is kept and applied after you sign in and verify.

If the code doesn't work

See Fix email code problems for resending, expired codes, and spam folders.
