Manage your subscription

Revision 2026-11-03

See your plan, restore purchases, manage billing, or clear cached data.

Check your plan and billing from Settings. Prices always come from the App Store.

Open Subscription

1. Tap **SETTINGS**, then **Subscription**.
2. Under **App Store**, see your current plan. If none is active, you may see **No App Store Subscription**.
3. The **Apple ID** section shows which account purchases use on this device.

Restore or manage billing

1. Tap **Restore Purchases** if you already paid on this Apple ID and access looks wrong.
2. Tap **Manage Subscription** to open Apple's subscription management (not shown for Founders Lifetime).

Team License

1. Under **Team License**, tap **Sign in with Horton Press** and sign in with your Horton Press Account when your organization gave you a YourTeamManager team license.
2. A separate **YourTeamManager** row in Settings is Coming soon for broader coach tools. Use team license sign-in here (or on the paywall) for access today.

Clear cached data

1. Under **Data**, tap **Clear Cached Data**.
2. When asked **Clear cached data?**, tap **Clear Data** or **Cancel**.

Clearing cache does not remove your Apple ID purchases. If the paywall still looks wrong after restore, see Subscription or paywall problems.
