Add, move or hide Dashboard cards

Revision 2026-10-10

Choose which cards show on your Dashboard and put them in your order.

The Dashboard describes itself as your coaching home, where you add, remove, and reorder widgets to fit how you work. Each card is called a widget.

Change your layout

1. On the Dashboard, select **Customize** (top right).
2. To add a card, pick it under **Add widget: Calendar, Season Countdown, Season Schedule, Curriculum, Practice, Planner, Team Notes or Team Journals**. Only cards that aren't on your Dashboard are listed.
3. To move a card, drag the grip handle on the card to its new place.
4. To hide a card, remove it from the card while you're customizing.
5. Select **Save layout**.

To back out, select **Cancel**. To go back to the original layout, select **Reset default**.

Good to know

- The weekly quote at the top isn't a card, so it stays put. See [The weekly quote](#).
- If you remove every card, the page says "No widgets on your dashboard." Select **Customize** to add some back.
