Your roster and groups

Revision 2026-10-10

See your active athletes, search and filter the list, and organize athletes into groups.

In the side menu, open **My Team**, then select **Roster**.

The athlete list

The **Active athletes** table shows each athlete's name, **Gender**, **Email**, **Grade**, **Weight** and **WJ invite** (whether a Wrestling Journal invite was sent). Select a name to open the athlete's profile. See [An athlete's profile page](#).

Find athletes

1. Type in the search box to search by name, email or grade.
2. Use **Group filter** to show one group. On teams with more than one roster, **Roster filter** is there too.

Use groups

Groups split one roster, for example into Varsity and JV.

1. Select the **Groups** tab.
2. Type a name under **New group**, such as "Varsity", and select **Add**.
3. Use **Rename**, **Delete** or the arrows to change a group.
4. To put athletes in a group, check them in the **Athletes** list, pick the group in **Bulk add to group**, then select **Assign selected**.

Most teams use one roster with groups. If you need separate rosters, select **add another roster** on the **Groups** tab. A **Rosters** tab then appears.

Buttons at the top

- **Participants** opens Team Journals participants.
- **Alumni** opens your former athletes (Gold, Coming soon).
- **Merge athletes** fixes duplicates. See [Merge duplicate athletes](#).
